Busy and on the go?
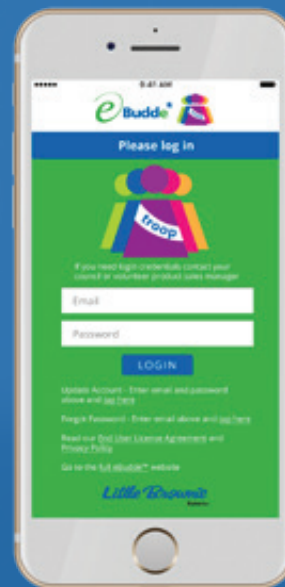

**Get the power of eBudde™ at your fingertips**

Little Brownie Bakers®

eBudde™ Troop App

Stay on top of troop cookie sales, anytime, anywhere! The eBudde Troop App brings the power of eBudde technology to your phone or tablet. It's sure to become every busy cookie volunteer's favorite app.

Order girl rewards

Never miss a deadline for ordering those exciting rewards the girls have worked so hard to earn. Place orders quickly and easily right inside the app.
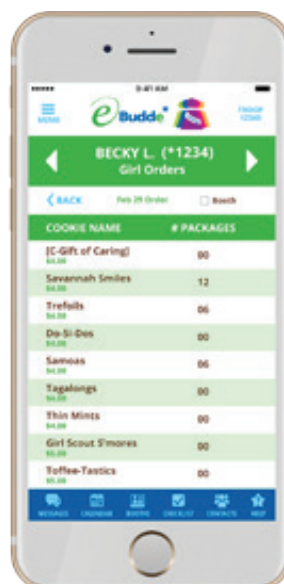

Receive delivery confirmation

When cookies are ready for pickup, you'll receive delivery confirmation showing where and when to pick them up. You'll see how many cases you ordered of each variety and even an estimate of the number of vehicles that will be needed.

Please note: At this time, all other steps of the delivery process require the desktop version of eBudde.

Track and submit girl orders

Enter and view the number of packages for each type of cookie, amounts due, and amounts paid for both traditional and digital sales. Submit your final initial order to your council with just a touch. Remember, once the initial order is submitted to the council, it cannot be changed.
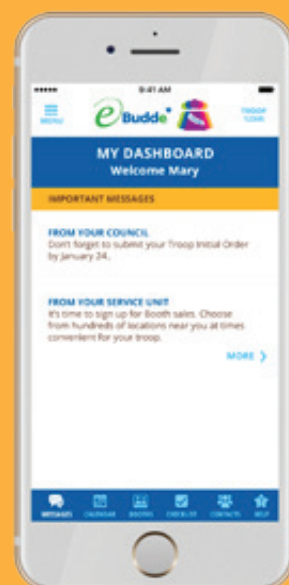

Help is always at hand

As you navigate the cookie season, you're never alone. Video training and other help resources are built right into the app. Check out the Built by Me cookie planner to create a girl-led cookie season full of fun and learning.
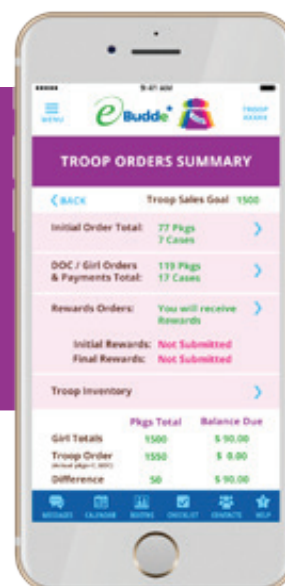

Stay in the know

From your dashboard, access important messages, review your cookie calendar, access contact information and see your upcoming booth sales. Help and your submission checklist are easy to find. These dashboard capabilities stay with you at the bottom of every screen.
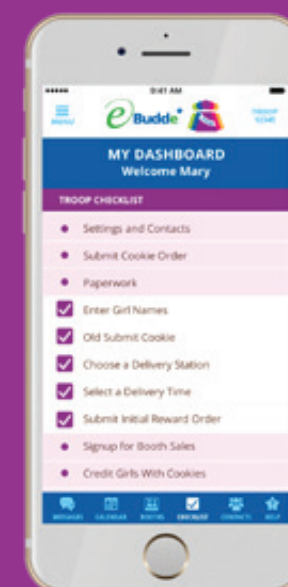

Monitor troop sales

Instantly access details on sales, proceeds and deposits. You can even email yourself a PDF of your sales report if you wish to share or print it.

Stay on track with the at-a-glance checklist

Your troop submission checklist makes it easy to know you're on target. Simply check off each step of the cookie season as you go along. It's easy to see where you stand.

Available for download wherever you buy apps.

Available on the App Store
