

Edible Wands

This is an edible way to practice your wizarding or fairy skills.

What will I need?

- Pretzel rods
- Frosting (food coloring optional)
- Sprinkles
- Paper plates
- Cups
- Plastic Knives
- Paper towels
- Fruit
- Kabob Skewers

Where should I go?

This is an
In-the-kitchen
activity.

Parents Corner

If doing the fruit wand, girls may need help putting the fruit on the skewers.

What do I already know?

- How could you make an edible wand?
- What could you use to decorate the wand?
- What would you do with a real wand, that worked?

INSTRUCTIONS

Pretzel Wand:

- Grab a whole pretzel rod.
- If you have food coloring separate your icing and mix the color in.
- Using the knife carefully cover the pretzel in frosting. Only do one half of the pretzel.
- Add sprinkles carefully to the frosting.
- Enjoy!

Fruit Wand:

- Make sure the fruit you are using is pre chunked.
- Grab a kabob and start adding the fruit in your desired order.
- Then add icing to half of the fruit.
- Add sprinkles carefully to the frosting.
- Enjoy!

What did I learn?

- Did you make your wand have a theme? What was it?
- What other ingredients would you add for the future?
- What is a different way you could apply the icing?

GREAT JOB
