

No-Sew Pet Bed

Here is a quick and easy craft for your pet(s).

What will I need?

- Yard of fleece fabric
- Bag of stuffing or old pillow
- Scissors
- Ruler

Parents corner

Parents may need to help with cutting the fabric and general safety with scissors.

Where should I go?

This pet bed can be assembled anywhere, even while you're watching TV.

What do I already know?

1. What types of knots do I know how to tie?
2. Do some pets like soft beds more than others?
3. Do you know how to tie a square knot?
 1. Here is a link:
<https://www.animatedknots.com/square-knot>

INSTRUCTIONS

1. Gather your materials: fabric, stuffing , ruler and scissors (be sure to ask your adults for assistance)
2. Decide on the size of pet bed and cut two identical pieces. The measurements for a small bed requires two pieces 34"x34". It is easiest if the two layers of fabric are cut at the same time.
3. Cut 5"corner out from each corner of the two pieces.
4. At 1" intervals, cut 5" fringes along all sides of both pieces of fabric.
5. Lay the two pieces together and tie the fringes into square knots around 3 of the sides.
6. Stuff through the opening until desired fluffiness is reached.
7. Tie remaining fringes of the open side to secure the pet bed.

What did I learn?

1. What did you learn about creating a bed for your pet?
2. Did you find this craft easy or challenging?
3. What are other types of beds that different pets might like?

GREAT JOB
