

# **Girl Scouts and the Great Trefoil Hunt**

## **Girls Scouts and small businesses unite to create joy during Covid-19**

Turn your town into a scavenger hunt, as Girl Scouts and their families follow the clues to find all the Trefoils!

- 1) Ask several local small businesses if they will post a Trefoil and clue in their shop window. Try asking businesses that support children, like ballet studios, karate studios, etc. Add in an ice cream shop, coffee shop or some place for girls and parents to get a snack along the way!
- 2) Create some clues to lead girls from one business to another. Don't make them too hard! Throw in a Girl Scout fact for fun!
- 3) Print the trefoils/clues and deliver to the businesses. Make sure they are posted before you open the event.
- 4) Set a limit of time for the event to run.
- 5) Families can report to the troop leader and order their own scavenger hunt patches.
- 6) This can be a great troop and recruiting tool! Open this event up to PTO pages and locally to spread family activities and support for local small businesses.
