

## Cookie Count N Go

### Volunteers

- Mask must be worn over the nose and mouth; disposable masks will be available if needed.
- Use hand sanitizer multiple times during your volunteer time; sanitizer will be available on each lane.
- Please maintain a safe social distance (at least six feet or more) between you and others.
- Volunteers will not be permitted to go inside of cars/trucks to load the cookies; volunteers will place cookie cases at the back of the vehicle for the recipient to load in their vehicle.
- If you have comfortable gloves, please bring them or we will have non-latex gloves available for use.
- Wear comfortable shoes and clothes for the weather.

### Troop Leaders

- Count N Go volunteers will not be allowed to be inside of your vehicle. Volunteers will place cookie cases at the back of your vehicle. You will be required to bring another person or two to help load and organize your cookie order in your vehicle. **YOU MUST BRING ANOTHER PERSON TO LOAD THE COOKIES WITHIN YOUR CAR.** If you do not have an individual to organize/load within your car you will be asked to return with someone to assist you or pick up at a later date.
- Mask must be worn over the nose and mouth once you enter the property and for the entirety of the pick-up process. This includes check-in, registration, and cookie pick up.
- Before you enter the cookie pick up area please have all doors/tailgate areas open so that the cookies can be loaded.
- Windows must be rolled down in your vehicle when you start to load your cookies to help with air flow.
- When you are preparing to enter the lane to pick up cookies (with windows down and masks on), you will be given the option to have your vehicle sprayed with an automatic light spray machine with Neutral Q Disinfectant Cleaner Deodorant. (This product is on the EPA list for COVID-19 and is for use as a general fungicide virucide cleaner.)
- Once cookies are delivered, you will sign the receipt with a pen you provide or a golf pencil will be provided that you may keep.
- For the 2021 Cookie Count N Go, there will be a self load line for leaders that wish to load their own cookies with the adults that they bring with them. This is a contact-less lane for cookie pick-up.
