On behalf of the GSMIDTN Product Programs team and Little Brownie Bakers, we wish you a Happy New Year! We hope you and your families had a healthy and happy holiday season. We are looking forward to a safe and successful 2022 Cookie Season.

By now, we have all personally experienced the unprecedented supply chain pressures resulting from the ongoing impacts of COVID-19. We are seeing limited inventory and stock outages on store shelves, delayed product shipments, labor shortages and price increases across all industries. We are very proud of how the Little Brownie Bakers team has responded to these challenges. LBB is in a strong position across most of their cookie portfolio; however, they are facing a supply challenge on Adventurefuls. **Like many manufacturing companies, extreme labor shortages are having an impact on production capabilities, resulting in our inability to have an adequate supply of Adventurefuls for the 2022 Cookie Season.**

The Adventurefuls cookies are the only cookie that is affected for the 2022 Cookie Season. They are baked in a different location than the other varieties. All other varieties are completely available for this cookie season.

As a result of the Adventurefuls shortage GSMIDTN will only have a minimum supply to offer each troop for the 2022 Cookie Season for Adventurefuls flavor. All other flavors are available for your 2022 cookie program.

We know girls may be disappointed that they may not be able to provide Adventurefuls to all of their customers this year. However, the uniqueness of current events creates an opportunity for Girl Scouts to apply their entrepreneurial skills, which lie at the heart of the Cookie Program, and to understand how significant global issues can impact business. We look forward to supporting them as they adjust their business plans and work towards meeting their goals.

Thank you for your cooperation and understanding.
Your GSMIDTN Product Programs Team
